

STAIN RESISTANT

Karran is invulnerable to a hideous array of stains, from coffee, to ketchup, to red wine—even hair dye! In fact Karran is guaranteed never to stain...EVER!

HEAT RESISTANT

Karran's high density acrylic resists heat up to 365F°!

IMPACT RESISTANT

As if Karran weren't plenty tough enough, each sink is backed with fiberglass for extra impact strength.

BACTERIAL RESISTANT

Because Karran is impervious to moisture, bacteria have no chance to settle in, making the kitchen a safer place for your family.

SCRATCH RESISTANT

Karran cleans up with the mildest detergent, but stands up perfectly well to Comet®... even metal scouring pads.

THERMAL RESISTANT

Karran is totally unaffected by both boiling hot water and ice cold water.

50-YEAR WARRANTY

Karran sinks are produced to the highest standards. Your sink is warranted against material and manufacturing defects for 50 years.
